IELTS Training Modules

The International English Language Testing System (IELTS) is a test that measures the language proficiency of those who want to study or work in environments where English is used as a language of communication.

There are two modules to choose from: IELTS Academic and IELTS General Training.

IELTS Academic

To study at the undergraduate or postgraduate level.

To join a professional organisation or registration in an English-speaking country.

The IELTS test format

To work or undertake work-related training in an English-speaking country.

To immigrate to an English-speaking country.

To study or train at below degree level.

Each organisation sets its own entry requirements. In some cases, both the Academic and General Training module may be accepted. If you are in doubt as to which module to take, you should contact the organisation to which you are applying to confirm their requirements.

IELTS Academic

The actual test taken is the same for both IELTS and IELTS for UKVI, with the same content, examiners, format, level of difficulty, scoring and so on. The only difference between the two is that IELTS for UKVI is administered in a test venue with video recording and CCTV facilities.

Listening

(Time: 30 minutes, plus 10 minutes extra to transfer your answer to the answer sheet)

Reading

(Time: 60 minutes)

Writing

(Time: 60 minutes)

Speaking

The IELTS 9-band scale
