Assessment & Feedbacks

On the last day of the course, students will benefit from personalised assessment and feedback during one-on-one meetings with their teacher, enhancing their learning experience and fluency in English.

“

I never thought I'd be so excited to speak English every day. This course showed me how to say what I think and share my stories confidently. My teacher's one-on-one talks really helped me understand my mistakes and get better. I also made friends from all over the world. We laughed a lot and learned from each other. It's the best class I've ever taken!
